How to Select Your Resting Place

St. Patrick Cemetery has been divided into sections.

Section 1 to the south is for both monument and non-monument graves. Monument graves are in the odd numbered rows. Non-monument graves are in the even numbered rows. Each grave can contain one full body and one cremation or two cremations.

Section 2 is for miscarried babies and **Section 3** is for babies. Both are just behind the Meditation Path.

Section 4 is our Columbarium. You may select a single niche or double niche.

Section 5 is an all monument section for in-ground burial near the turnaround.

Locate a Grave

Section 1 has metal row markers R1-R25 along the tress and black markers down the center. R26 & 27 are marked by the blacktop drive. All sections have in-ground Row/Lot markers. **Section 5**, Rows 28-37 start at the circle drive and extend East. If you call ahead, we can assist you or your family.
