Select Your Resting Place

St. Patrick Cemetery has options for both in-ground full-body or cremation burials, and above-ground columbarium burials.

Section 1 allows for in-ground full-body and cremation burials. Upright or flat monuments are permitted. Upright monument burial plots are in the odd numbered rows; flat monument burial plots are in the even numbered rows. Each single burial plot can have one full body and one cremation burial, or two cremation burials.

Section 4 is for columbarium burials. Each columbarium has 40 single and 40 double niches.

Section 5 allows for in-ground full-body and cremation burials. It allows for upright monuments. Each single burial plot can have one full body and one cremation burial, or two cremation burials.
